The World's Largest Oil Organization issues a

The oil companies are all fighting desperately for your gasoline patronage. Such a fight is legitimate and for the good of all, when the methods used to get your patronage are kept within proper bounds • However, it is only fair to point out to you that if you believe the exaggerated nonsense that is now appearing in much of the gasoline advertising you are doomed to disappointment • These claims about "super-quality" -- about "quickstarting," "anti-knock," "mileage," "power," etc., are exaggerations that just don't make common sense. Why let yourself be fooled • In offering you Essolene, this company's new motor fuel, we make no claims • We

for Essolenc • We do remind you that the Standard Oil Company of Louisiana is the world's largest oil organization, with superior facilities and a record for pioneering in improvements and new developments • And we state that this organization in making such a guarantee is fully public statement made over its signature • We stand squarely back of Essolene as a great advance over gaso line—a challenge to all gasolines We urge you to try it once-with a tank cleared of other fuels, and we will rest our case on your judgment Colored Orange to Prevent Substitution
